Jonathan Miller  
Advantage Telecom Solutions

Dear Jonathan:

I would like to take this opportunity to personally thank you for all your help. You not only helped me through the process of buying a phone system, but showed me many different options. I valued your opinion in helping me choose the right company. The choice of E-Comm, which you highly recommended, turned out to be a pleasant experience. When problems arose, as they always do in these types of installations, E-Comm kept working and handled every one of the issues they faced.

I appreciate being able to call you at any time. You always direct me to whom I need to speak. I will recommend you highly to my associates. Your caring and personal attention is very much appreciated.

Sincerely,

Dianne Amberger
